

KEEPING YOUR SITES SAFE, RELIABLE & OPEN ALL WINTER

Winter doesn't have to mean downtime.
Our petroleum construction and maintenance team specializes in keeping
gas stations running safely and efficiently—even in the toughest conditions.

WINTER SERVICE AND MAINTENANCE

WINTER SAFETY & LIGHTING PACKAGE

- LED canopy and site lighting upgrades
- Parking lot slip and trip hazard checks
- Canopy, bollard, and fascia repairs

EMERGENCY WINTERIZATION & MAINTENANCE

- Heat trace and insulation installs
- Pump, line, and tank monitoring system inspections

INDOOR REFRESH & UPGRADES

- C-store renovations (flooring, counters, shelving)
- POS and electrical system installs

COMPLIANCE & UPGRADE SOLUTIONS

- Dispenser replacements
- Tank monitoring upgrades (regulatory compliance)
- Spill containment and safety equipment checks

WHY WORK WITH US THIS WINTER?

- ✓ Minimize spring shutdowns by tackling upgrades now
- ✓ Certified, experienced crews trained for cold-weather work
- ✓ Faster project turnaround
- ✓ Emergency response ready — keep your stations open, even in extreme weather

**Let's keep your stations safe, compliant,
and ready for the busy season ahead.**
